

Due to high fluctuating and increasing raw material prices and energy prices, we reserve the right to adjust our prices dated 01.02.2023 – valid until recalled – to the market conditions.

Lavender Limited Edition Lime 2023

Bären Company's limited edition 2023 not only provides a unique taste experience, also it's a real eye catcher! Lavender Lime, in the trend colour purple, is a combination of magnificent fresh lime flavour, refined with a hint of lavender flavour, like you are in Provence.

Manufacturer: Kalfany Süße Werbung GmbH & Co. KG Holzmattenstraße 22 | D-79336 Herbolzheim | www.ksw24.com

GLOSSARY - All symbols briefly explained

All mentioned certifications relate to the manufacturer:

Kalfany Süße Werbung GmbH & Co. KG Holzmattenstraße 22 | D-79336 Herbolzheim | www.ksw24.com

IFS certified: Kalfany Süße Werbung GmbH & Co. KG is certified to International Featured Standards for casting of fruit gum and chocolate, as well as the packing of food and sweets.

Climate neutral products: All our products are climate neutral with CO₂ compensation by international certified projects.

Gubor Chocolate with Fairtrade Cocoa: Fairtrade cocoa may be mixed with non-certified cocoa, on a mass balance basis. Visit info.fairtrade.net/sourcing

FSC® (Forest Stewardship Council®): With our FSC® certified promotional cartons and paper you can contribute the promotion of an environmentally friendly, socially beneficial and economically viable management of our forests.

The **R-PP plastic** for our inlays is not a composite material but a **mono material**. This means it's a 100 % recyclable and has a regrind share of 45 %.

Compostable "seed" symbol

 $\ensuremath{\text{\fontfamily{100}}}\xspace$ is a registered trademark of European Bioplastics e.V. in the EU.".

METAL recycles forever: Tin plates are recyclable repeatedly without any deterioration of quality and has the highest recycling rate with over 90 % of all packaging materials for years.

Own fruit gum and candy production: We offer you a wide range of certified fruit gum and candys from own production!

25% Fruit **Fruit gum:** Produced with 10 % or 25 % fruit content from fruit juice concentrate, natural aroma and colouring plant extracts.

Reference to **sugar-free products** or **fruit gums with 30% less sugar** than conventional fruit gums.

Veggie: Contains, excluded from milk, eggs, honey or beeswax, no animal-based ingredients.

Vegan: Contains no ingredients derived from animals and not produced by using any animal components. Technologically, unintentional parts cannot be avoided.

Look out for our certified promo packaging made of paper or cardboard.

Promo packaging more than 99 % recyclable in the waste-paper cycle.

Durability with proper storage

Format and net weight

Packaging unit

Outgoing shipment after indicated production time

Express production on request possible

Available in the online shop from smaller quantities

Own certified PRODUCTION

... from the sweet to the finished promo product

Fruit Gum

Colourful, fruity, tasty! With great passion, we produce around 2.000 tons of fruit gum each year!

Candies

"traditional candy

craftsmanship".
With love and attention to detail, we produce around

Chocolate

Tender-melting pleasure for all senses.

The unique combination of delicious chocolate, customised shapes and sustainable packaging, create magic moments for your communication.

Print & Packaging

Fast, flexible, in small quantities and top quality.

Digital, Flexo and pad printing – our print technology centre makes it possible.

Sustainable PACKAGING ...

Innovative & sustainable solutions.

Metal recycles forever

Tin plate has an endless 100 % recycling cycle, without any loss in quality and since years with over 90 % the highest recycling rate of all packaging.

Compostable Packaging & Colours

the compostability logo "Seedling Logo" is tested according to the European standard EN13432 and confirms the compostability of the packaging incl. print inks / colours

PAPIER at its best

FSC® Paper & Cardboard Boxes

Sustainable & 100 % recyclable. FSC® stands for an environmental friendly, socially beneficial and economic cultivation of our forests.

... colourful, tasty, VEGAN

VEGAN - purely plant-based and soooo tasty!

VEGAN enjoy it!

Vegan treats for your communication! For conscious sweet lovers, our range with sweets without an animal content is continuously growing and contains over 100 vegan promo products in the meantime. From vegan fruit gum over vegan chocolate up to vegan snacks.

Did you know? For vegan **Bären Company Fruit Gums** from our own production, we use pectin as gelling agent. A plant based gelling agent made from apples citrus or beet pomace. **Quality for your sweet tooth.**

Women Power

WOMEN'S THRIVE FUND

We continue also in 2023 to support World Vision Women's THRIVE Fund with a minimum of 10,000 Euro

THRIVE (Transforming Household Resilience in Vulnerable Environments)

Our contribution to climate protection

CLEAN WIND ENERGY

Global responsibility for man and environment

2023 we are offering all products climate neutral without any surcharge.

The emission of our locations, productions and all products offered in our catalogue are compensated by international certified climate protection projects. You, as our customer, can sustainable promote with the climate neutral logo on our promo products.

Our CO₂ compensation: 9,614,605 kg CO₂e

Our climate neutral promo sweets you also show reasonability for the protection of our planet.

Our supported climate protection project: 14 wind parks, producing sustainable energy.

156 turbines with a total capacity of 358.8 MW producing renewable energy, instead of energy gained from fossil fuels. The focus of this project is especially on the needs of local communities, improves the local infrastructure and gives access to continuing education. Estimated annual emission reduction 652.150 t CO2e – verified from Earthood Services Private Limited

Minimum quantity 5,000 pieces

The brain needs more than half of the more than half of the dextrose present in the body. In stressful situations, when brain activity ramps up, the brain can commandeer even more of the available glucose, up to 90 percent. But the brain itself cannot store even the smallest reserves of glucose. The only source from which it can draw glucose is the blood and the reserves stored by the liver. The muscles are the brain's biggest competitors among the body's other glucose users. During physical exertion, their glucose users. cose users. During physical exertion, their glucose needs also rise sharply. Unlike the brain, they can store some glucose in a special form, but only for their own use. Of all the foods we typically eat when we face peak energy needs, dextrose is among the fastest-acting sources of energy. So DEXTRO ENERGY* is the perfect power snack during sports, study or job activities.

With compostable packaging, out of renewable raw materials you can take the first step for environmental protection. Packaging material which features the protected compostable "seed" symbol is tested and certified in accordance. with the European standard EN 13432. The requirements given by this standard are proven by accredited laboratories and confirm the compostability of the packaging including the print colours under ideal compost conditions. With the use of compostable foils we can guarantee a minimum fruit gum shelf life of 6 months. Help us to protect the environment!

Bags in different formats ...

Important information

Printing processes:

We work with 5 printing processes:

- Flex print and digital print (for flexible packaging materials)
- Pad print and digital print (cans)
- Digital print (Advent Calendar)
- Offset print (Advent Calendar)

It shall be our decision exclusively whether and which product will be manufactured using the printing process.

For technical reasons, register differences cannot be avoided in the printing processes listed. With Flex print, register differences of up to 5/10 mm in the motif can arise. Please request the data sheets that correspond to our various products.

Over delivery and under delivery:

For technical reasons, over deliveries and under deliveries of up to 10 % of the total amount cannot always be avoided.

Colours:

We work with translucent colours among others. Translucent colours do not always cover a surface completely and often do not result in the desired colour unless a white base is applied beforehand.

Please list your colour requests in detail. We work with HKS or Pantone colours. We do not work with RAL colours. Colours very similar to RAL colours can be achieved (using Pantone or HKS). Colour templates in the form of letterhead, business cards, brochures, etc. only serve as a rough guide. The printing result can vary due to differences in the material. We will make efforts to achieve the desired colour tone. However, we cannot take responsibility for the result without a precise HKS or Pantone colour specification. Variance in nuances with the HKS or Pantone colours is no reason for return.

As mentioned above, we print with glazing inks in parts on transparent foils.

Please note that the print reproduction on paper packaging varies widely to the print reproduction on foils, due to the character of the uncoated paper.

Pantone colours are printed on paper packaging according Pantone Solid

Each motif and each product can and must be treated individually. It is not possible to account for every eventuality beforehand in writing. You will find basic information here and in our data sheets. However, we cannot assume unconditional responsibility for this information. An individual and specific telephone consultation, tailored to your product and motif is available through our specialists. For this purpose, we ask that you send us your desired print motif. Without a sample of the print motif, we cannot provide a consultation.

Please do not send us any films or manuscripts. We work exklusively with own films or manuscripts.

When sending digital information, we require a copy of the motif in the form of a colour sample. The colours should be colour-consistent if possible. It is not possible to print without a motif sample on paper and colour-consistent proofs.

Perishable foodstuffs:

We would like to point out that foodstuffs cannot be returned or exchanged. Inspect the goods immediately upon receiving them and notify us of complaints within 24 hours.

Returns sent later than this cannot be accepted. Once foodstuffs leave our premises, we no longer have control over them. Therefore, we can neither accept responsibility for quality nor for suitable treatment of the food in this regard.

Damages:

Delivery damages must be noted on the consignment form and acknowledged by the forwarding agent. Damages to pallets, which are not noted on the consignment form, cannot be claimed as delivery damages. Upon delivery, be sure to check for a clean and orderly application of shipping straps and foil packaging. Irregularities must be noted and photographed immediately.

Delivery dates:

Apply to date of shipment within and/or on a delivery week and/or day, respectively and never to the actual date of delivery.

Delivery dates can neither be confirmed nor are they to be considered binding. We work with forwarding agents of our choosing. However, upon transfer of goods we cannot be made accountable. You may designate your own forwarding agent or courier, if desired.

Fixed delivery dates will not be confirmed and no responsibility will be assumed for fixed delivery dates that are not met by the forwarding company.

Delivery dates shall apply after an approval for printing is received, not upon receipt of the first proof. Without an approval, printing will not begin. Without an approval, no delivery date can be confirmed. A correction in a proof print that we create for you is not considered an approval for printing. Your correction will be re-worked and you will receive a new proof for inspection and approval.

Corrections:

Please read the text in our proof prints carefully. If you have problems understanding any part of a proof, call us. We will be happy to assist you. We do not assume responsibility for approved prints or for errors of any sort that you may have overlooked. An approval from you is considered an unlimited and irrevocable part of a work order.

All preparatory work performed by us up to the approval will be invoiced, even in the event that the work order is cancelled.

For unaltered reprints, you will also receive proof prints with a request for inspection and approval. Colour deviations within an unaltered reprint are technical in nature and cannot be avoided. Colour deviations in nuances shall not be accepted as grounds for returns.

It is also possible to receive design recommendations from us. You can receive pricing information upon request once you have stated the amount and type of work to be done.

Original press proofs are available, yet they will be billed individually depending on the motif. Please keep in mind that a proof run delays the delivery by 5 working days. An additional proof run delays the delivery by another 5 working days, and so on.

Returns

must be documented. At least 10 % of a total amount must be returned as an originally packaged unit as evidence. A return involving printing must also affect at least 10 % of the total amount and be documented.

Returns regarding taste and appearance of foodstuffs can only be accepted when the products were stored and treated in manner suitable for foodstuffs. You can request information regarding expiration dates and other important details at any time. For example, never store chocolate products above room temperature. Fruit gum products are sensitive to heat and moisture.

Some of our products are packaged according to weight and some according to amount. Deviations in the amount per covering box vary according to machine and product. The total end amount is checked and documented. If deviations occur per packaging unit, please check the total end amount.

Our team is available to answer all of your questions. Our staff can competently answer any questions you might have regarding our products, prints, digital storage media, and pricing.

However, we do ask that you remain patient should short waiting periods arise. It is important to us to take the time to serve all of our customers and to fulfil requests to your complete satisfaction.

For the security of both parties and to avoid communications problems, please ask for written confirmation of pricing, delivery times, and technical guidelines, etc.

We offer datasheets in our catalogue which list further information for each product. Questions regarding these datasheets may also arise. Please contact us to receive more information. The datasheets have been created for each product and consist of a single, loose page. Please request the datasheet for the product you desire.

We wish you the best of success with your sweet advertising.

Our general terms and conditions of business apply to this information and are attached or can be requested.

Please consider the following points:

Template:

We will initially supply you with a data information sheet and a template (eps- or pdf-file) of the requested item. We ask you to prepare your motif according to this file.

Mandatory text:

Manufacturer/distributor, best before date and ingredients are mandatory texts, which are shown as a blue frame on the template. If you want to print this area as well, please make sure that this information still needs to be legible. Manufacturer/distributor and ingredients are printed in a logo or motif color. The list of ingredients according to the content is added by us to your motif with our font. For tins: The list of ingredients is indicated on the bottom of the tin. The best before date and the batch no. is generally printed on the back of the bag during production. The best before date, batch no. and manufacturer/distributor are generally printed on the side of the tin during production. We reserve the rights for product-specific adaptations.

Images:

Please send your images as original files with minimum 300 dpi. Bitmaps in 1200 dpi – a vectorised file is highly recommended for this. Embedded images can't be edited by us, so please send us the original file as well. The alteration of data, which does not correspond to the points mentioned above, causes additional costs.

Font:

The smallest yet legible font size for a positive print is 6 pt. and for a negative print 8 pt. All fonts must be converted to paths (vectorised).

Positioning:

Please keep in mind, that you should not position relevant parts of your motif too close to the format edge. Otherwise we cannot guarantee an ideal positioning of your advertising.

Control mark:

The control mark is mandatory if it is shown on the template. It can be visible on the backside of the product.

Embossment:

Lines must be at least 0.55 mm thick. The distance between two lines must be at least 0.55 mm. The motif cannot contain small or fine fonts/text. The minimum line thickness is also valid for fonts/text. The motif cannot have a raster. Customised chocolate bars:The motif should not have small, fine fonts or filigree graphic elements and it should not be with a raster.The proportion between height and distance of the elevated area is 1:0,7.(Example: The distance between two elevated areas is 1,4 mm, then the height of the elevated areas is 2 mm)

Digital print files:

Please send us your digital data with color specifications according to Pantone or HKS, or for prints according Euroscala (CMYK) with a binding print/proof. We will check and prepare your data for the suitable print procedure.

Printing:

bags, blister pack, foil: Flexo printing or digital printing

paper bags and flowpacks: digital printing

tins: Pad printing or digital printing

for your X-Mas promotion!

Thanks to our own certified and climate-neutral production, there are almost no limits set in your chocolate creation! develop together with you, your desired chocolate special shapes in a promo bag or Advent Calendar.

Your Layout

3D shape based on your layout ...

chocolate special shape ...

the layout of your promo bag or Advent Calendar & your unique X-Mas promo is ready.

GLOSSARY - All symbols briefly explained

Own fruit gum production: We offer you a wide range of certified fruit gum from own production.

Fruit gum: Produced with 10 % or 25 % fruit content from fruit juice concentrate, natural aroma and colouring plant extracts.

Reference to sugar-free products or fruit gums with 30% less sugar than conventional fruit gums.

Veggie: Contains no ingredients derived from animals. Possible exceptions: milk, chicken egg, honey or beeswax.

Vegan: Contains no ingredients derived from animals and not produced by using any animal components. Technologically, unintentional parts cannot be avoided.

Gubor Chocolate with Fairtrade Cocoa: Fairtrade cocoa may be mixed with non-certified cocoa, on a mass balance basis. Visit info.fairtrade.net/sourcing

Climate-neutral products: Look out for our climateneutral products with carbon dioxide compensation by international, certified climate protection projects.

Look out for our certified promo packaging made of paper or cardboard.

Promo packaging more than 99 % recyclable in the waste-paper cycle.

The R-PP plastic for our Advent Calendar inlays is not a composite material but a **mono material**. This means it's a 100 % recyclable and has a regrind share of 45 %.

New trees from old roots.

FOREST FOR LIFE

By deforestation and drought periods, soils are depleted and consequently harvest are poor. Thus families have too less food and are not able to generate an income. A cycle of poorness is the consequence for many families.

In dry soils appearing like a dessert, old but still active roots can often be found. With a special reforestation method those roots can grow again to trees. And where trees can be found, also water and fertile soils are coming back. For 90.– Euro, more than 7,000 m² land are revegetated – a piece of forest as large as an football field! This is achieved by the training of up to four smallholder families in Kenya, with financed tools like pruning saws, protective clothing, shovels and loopers.

Support this Wold Vision Project with your Gubor Advent Calendar BUSINESS, your Gubor Chocolate Heart Gift or your Gubor SUPER-MAXI Chocolate Bar.

With each single Gubor Advent Calendar BUSINESS, Chocolate Heart Gift or SUPER-MAXI Chocolate Bar you are donating automatically –

In 2022, however at least 10,000.– EURO will be donated to this environmental

World Vision Project.

without any extra charge!

Our deforesting target: 9,990 € = 777,000 m² = 111 football fields

Own certified PRODUCTION

... from the sweet to the sweet promotional product.

Both of our production sites are climate neutral!

The emission of our production sites and our own products were calculated and compensated by an climate protection project. Our freshly produced Fruit Gums and Candies, as well as our freshly poured Chocolate Products are climate neutral.

You as our customer can use the label on these products.

Fruit Gum – colourful, fruity, tasty!

Thanks to our own fruit gum production, in which we are producing around 2,000 tons of fruit gum each year, we are Germany's most flexible fruit gum producer in the promo business

Hard-Boiled Candies "traditional candy craftsmanship"

Each year, we are producing around 3,000 tons of hard-boiled candies for the promo market and retail market. Choose from popular flavours or create with us your own promo candy, packed in a personalised promo wrapper, flowpack, blister or tin.

Chocolate – tender melting treat for all 5 senses.

To guarantee the highest quality, being flexible in implementation and to realize customer specific forms and formats, we have our own chocolate moulding machine in-house. We are processing finest German Gubor brand chocolate with Fairtrade cocoa and turn liquid chocolate into promo

Print & Packaging –

fast and flexible digital print technology centre Digital, flexo or pad printing, direct in our premises, guarantees the highest level of control and quality.

The wonderful time for Advent Calendars

... made with compostable or recyclable cardboards & inlays – always filled delicious!

BUSINESS Advent Calendar

reinpapier®

Pulmoll: sweet but without sugar!

The traditional Pulmoll brand is keeping up with the times and has refined its proven recipes in terms of sugar, i. e. high-quality stevia* replaces the sweetening power of conventional sugar and artificial sweeteners such as aspartame are completely avoided.
